**Subject:** Re: Availability March 14

Hi Jenny,

Apologies, I haven't had a chance to check e-mails until today. I've replied to the other e-mail about 3/14. Yes, let's set up a call for next week. I'm available Monday 3-5 pm, Tuesday morning, and Friday.

Thanks,  
Emi

Hi Emi, (b)(6). Following up from Erin Seyfried's email to you re: an EPA/NOAA meeting on the LNFH permit, I'm just checking in whether March 14, 12-1pm works for you to talk with EPA and our attorneys.

We can talk more about what we're both interested in covering. From EPA's standpoint, we think it would be valuable for Andrea Latier, our toxicologist, to be on the call to answer some of your questions and for EPA as a whole to understand your questions better so that we can work together on getting the information you need.

A second agenda topic we're interested in also involves the attorneys and the best administrative path forward.

Thanks, Emi. We might also be able to provide some information before our meeting to help move the discussion along. I'll plan on touching base with you next week.
